

		<b>NATIVE PLANTS 2017</b>		black=sun,part sun															
				ILLINOIS NATIVES	blue=shade														
GENUS	COMMON	CULTIVAR/SPECIES		PRICE															
		<b>NATIVE GRASSES*****</b>																	
Chasmanthium	northern sea oats	latifolium 4ft dangling oat-like spikelets		6.99															
Chasmanthium	northern sea oats	latifolium bamboo-like foliage, mass planting,prefers moist soil in shade,RAIN GARDEN																	
Eragrostis	purple love grass	spectabilis 20" late summer cut fl.		6.99															
Eragrostis	purple love grass	spectabilis ILLINOIS NATIVE sun ,substitute for Mullenbergia																	
Sporobolus	prairie dropseed	heterolepis 2-3ft tall 18-24" apart		6.99															
Sporobolus	prairie dropseed	heterolepis drought tolerant,long-lived																	
Sporobolus	prairie dropseed	hetrolepis flowers aug/sept,mounding habit, border plant.good w/ echinacea pallida,iatris aspera																	
Sporobolus	prairie dropseed	heterolepis,popcorn/cilantro odor,elegant,refined,fall orange color,ILLINOIS NATIVE																	
		<b>END NATIVE GRASSES</b>																	
		<b>SUN NATIVE PERENNIAL*****</b>																	
AMSONIA	Thread-leaf Blue Star	hubrichtii 30" flowers light blue		6.99															
AMSONIA	***ALSO NATIVE*****	HUBRICHTII pale blue 30"																	
AMSONIA	Thread-leaf Blue Star	hubrichtii 30" flowers light blue																	
AMSONIA	Thread-leaf Blue Star	hubrichtii golden foliage color in fall, dislikes shade, may spread open from high temp & afternoon rain																	
Asclepias	Swamp milkweed	incarnata pink fl.clusters june/july, 3-5ft		6.99															
Asclepias	Swamp milkweed	incarnata- milky sap,pods fill with seeds,floodplains & wet meadows,ILLINOIS NATIVE,RAIN GARDEN																	
Asclepias		syriaca		6.99															
Asclepias	butterfly weed	tuberosa intense orange flowers 18-24"		6.99															
Asclepias	butterfly weed	tuberosa good w/ wild petunia,little bluestem.tolerate drought, lover of wide open spaces ILLINOIS NATIVE																	
Aster	New England aster	novae-angliae 2-5ft violet fl.cut back 1ft		6.99															
Aster	New England aster	novae-angliae do not crowd too closely w other plants, good air circulation-less foliar disease																	
Aster	New England aster	novae-angliae blooms aug-oct RAIN GARDEN ILLINOIS NATIVE																	
Baptisia	false indigo	australis 3-4ft blue/violet flower moist		6.99															
Baptisia	false indigo	australis ILLINOIS NATIVE																	
Berlandiera	chocolate flower,gr.eyes	lyrata 12" yellow daisies w dark center		6.99															
Cacalia	pale indian plaintain	atriplicifolia 3-8ft white bloom july-oct		6.99															
Cacalia	pale indian plaintain	atriplicifolia dry to medium soil,full sun to part shade,grows in sand or loam ILLINOIS NATIVE																	
Callirhoe	common winecup	involuta 1ft hgt 1ft wide		6.99															
Callirhoe	common winecup	involuta flowers all summer																	
Callirhoe	common winecup	involuta cold hardy,long lived,drought tolerant																	
Caltha	cowslip, marsh-marigold	palustris 1-2ft needs moisture IL NATIVE		\$6.99															
Caltha	cowslip, marsh-marigold	palustris succulent,spring yellow fl.ower,wetland,goes dormant in mid/late summer,source pollen nectar																	
Campanula	common hare bells	rotundifolia ILLINOIS NATIVE		\$6.99															
Campanula	common hare bells	rotundifolia 12" blue flower well drained																	
Campanula	common hare bells	rotundifolia ILLINOIS NATIVE																	
Chelone	turtlehead snakehead	glabra 24-48" 18" wide		6.99															
Chelone	turtlehead snakehead	glabra blooms summer/early fall,moisture																	
Chelone	turtlehead snakehead	glabra,afternoon shade,moisture,flowers often white but can be pink to purple, ILLINOIS NATIVE																	
Conoclinium	hardy ageratum	coelestinum blue (eupatorium)		6.99															
Conoclinium	hardy ageratum	bright blue blooms in fall 3' x 2'																	
Coreopsis	lanceleaf coreopsis	lanceolata 1-2ft may-aug blooms																	
Coreopsis	lanceleaf coreopsis	lanceolata reseeds ILLINOIS NATIVE		6.99															
Coreopsis	stiff tickweed	palmata 18" spread by rhizomes		6.99															
Coreopsis	stiff tickweed	palmata upright gold flower ILLINOIS NATIVE																	
Echinacea	yellow coneflower	paradoxa 30-36" found only in ozarks		6.99															
Eryngium	rattlesnake master	yuccifolium 4-5ft ILLINOIS NATIVE		6.99															
Eryngium	rattlesnake master	yuccifolium yucca-like foliage,blooms july & sept.clusters of small white flowers																	
Eupatorium	boneset	perfoliatum 3-4ft white flower late summer		6.99															
Eupatorium	boneset	perfoliatum sun to pt shade can be used for medicinal purposes moist well drained soil																	
Eupatorium	boneset	perfoliatum ILLINOIS NATIVE butterflies birds																	
Eupatorium	Joe Pye Weed/Snake Root	purpureum 4-7ft pink/mauve flowers		6.99															
Eupatorium	Joe Pye Weed/Snake Root	purpureum, butterflies,full sun,RAIN GARDEN ILLINOIS NATIVE likes moisture,crushed leaf vanilla fragrance																	
Geum	prairie smoke	triflorum 1ft tall april-june pink flowers		6.99															
Geum	prairie smoke	triflorum found in dry woods,prairies- alkaline soil ILLINOIS NATIVE																	
Heliopsis	oxeye, false sunflower	helianthoides 3-6ft fall bird food		6.99															
Heliopsis	oxeye, false sunflower	helianthoides does not like wet feet																	

	*****	SHADE NATIVE PLANTS*****																		
Actaea	bugbane black cohosh	racemosa (cimicifuga) 4-6ft	7.99																	
Actaea	bugbane black cohosh	racemosa don't allow to dry out-leaves will go crispy,morning sun afternoon shade																		
Anemone	canadian anemone	canadensis clear white blooms 12"-18" spring bloomer	6.99																	
Antennaria	prairie pussytoes	neglecta 12" white flower	6.99																	
Aquilegia	wild columbine	canadensis 1-2ft yellow/red flowers	6.99																	
Arisaema	Jack in the pulpit	triphylum 12-15" woodland often dorm	6.99																	
Arisaema	Jack in the pulpit	triphylum																		
Arisaema	Jack in the pulpit	triphylum single leaf w/ 3 parts with hooded green/purple flower(jack) seed cluster turns red in fall																		
Arisaema	Jack in the pulpit	triphylum blooms april-july, medium moisture,often summer dormant depending on temp,ILLINOIS NATIVE																		
Aruncus	goatsbeard	dioicus 3-5ft bee lover, keep moist	6.99																	
Aruncus	goatsbeard	diocus white flowers in late spring,ILLINOIS NATIVE																		
Delphinium	tall larkspur	exaltatum 3-6ft blue-flowers late summer	\$6.99																	
Delphinium	tall larkspur	exaltatum flowers for weeks																		
Dicentra	wild bleeding heart	eximia 8-12" pink flowers april-sept.	\$6.99																	
Fern	sensitive fern	Onoclea sensibilis 20" shade & moisture	6.99																	
Fern	sensitive fern	Onoclea sensibilis wet meadows,swamps																		
Fern	sensitive fern	Onoclea non evergreen, red fiddlehead spring,highly sensitive to cold/dormant after mild frost,invasive																		
Fern	sensitive fern	Onoclea ILLINOIS NATIVE,wonderful running fern can cover a moist area quickly,likes afternoon shade																		
Fern	royal fern	Osmunda regalis 6ft fronds turn brown	6.99																	
Fern	royal fern	Osmunda regalis rich & consistently wet soil,part shade,non evergreen ILLINOIS NATIVE																		
Geranium	spotted cranesbill	maculatum 15-24" april/june purple flowers	6.99																	
Geranium	spotted cranesbill	maculatum forms colonies,ILLINOIS NATIVE																		
Iris	crested iris	cristata 6" part shade w/ 3 hours sun	6.99																	
Iris	crested iris	cristata																		
Mertensia	virginia bluebells	virginica 1-2ft woodland goes dormant	6.99																	
Mertensia	virginia bluebells	virginica rhizomes/seedlings colonize																		
Mertensia	virginia bluebells	virginica pink buds open to azure-blue flowers,blooming for weeks(march-april) ILLINOIS NATIVE																		
Mertensia	virginia bluebells	virginica part to heavy shade-best in deciduous rather than coniferous shade, provide moisture																		
Phlox	Woodland phlox	divaricata 12-15" fragrant reseeds	\$6.99																	
Phlox	Woodland phlox	divaricata aka.wild sweet william																		
Phlox	Woodland phlox	divaricata masses of blue flowers in spring,great plants perennial of the year 2011 ILLINOIS NATIVE																		
Polemonium	spreading jacob's ladder	reptans 12" found in moist woods	6.99																	
Polemonium	spreading jacob's ladder	reptans moist,cool,may blue flowers,shallow rhizome,mulch with leaves,tends to be short lived																		
Polemonium	spreading jacob's ladder	reptans shear back after seed release																		
Polemonium	spreading jacob's ladder	reptans ILLINOIS NATIVE ,avoid full sun & drought																		
Spigelia	indian pink	marilandica	7.99																	
Spigelia	indian pink	marilandica 18" bushy compact plant																		
Spigelia	indian pink	marilandica deep red flowers with yellow throats in may & june,best planted by the end of june																		
Spigelia	indian pink	marilandica hummingbird magnet,afternoon shade and consistent moisture result in faster growth																		
Stylophorum	Celandine poppy	diphyllum 20" moist woods, golden flowers in spring and a few in summer,glaucous lower surface leaves																		
Stylophorum	Celandine poppy	diphyllum can go dormant if drought occurs	7.99																	
Stylophorum	Celandine poppy	diphyllum ILLINOIS NATIVE ,self-seed																		
Tiarella	foamflower	cordifolia 8-12" moist part to full shade	6.99
